THE STANDARDBRED & TROTTING HORSE ASSOCIATION OF GB & IRELAND (STAGBI)

Application for STALLION LICENCE

NOTES & GUIDELINES

Please note, a STAGBI Stallion Licence will only be considered for a horse that is:

i. **A Full Bred Standardbred Registered with STAGBI**
ii. **Parentally Verified to Sire & Dam by DNA analysis**
iii. **Three years of age or older**
NB from 1st April 2017 – in addition to fulfilling the above criteria, the horse must also have a performance record with a recognised organisation
OR his sire must hold a record of 2.00.0 or faster in the UK/Ireland or 1.55.0 or faster in North America/Southern hemisphere.

A Stallion Licence will only be issued subject to the approval of STAGBI. **The Rules & Regulations pertaining to Stallion Licences were reviewed in 2023. It was agreed that as of Jan 1st 2028 a Stallion would no longer be issued a stallion licence based on the performance record of his Sire. That is, the "OR his sire must hold a record of 2.00 mins (or faster) in UK/Ireland or 1.55.0 mins (or faster) in North America/Southern Hemisphere" will be removed from the criteria.**

You are required to complete the following forms

- Application for Stallion Licence (PART A)
- Equine Identification (PART B) to be completed by Veterinary Surgeon
- Microchip, DNA & Health Declaration (PART C) to be completed by Veterinary Surgeon

ARTIFICIAL INSEMINATION (Fresh, Chilled or Frozen)

If you intend to collect semen from your stallion and that semen is to be used for AI purposes (Fresh, Chilled or Frozen Semen) please complete appropriate section in PART A and note that the stallion will need to be tested for Contagious Equine Metritis (CEM), Equine Infectious Anaemia (EIA) and Equine Viral Arteritis (EVA). Conformation of Negative results should be submitted with this application. In the case of a seropositive EVA result following vaccination, evidence of negative result prior to vaccination is required. It is also advisable for you to obtain a copy of the AI regulations from STAGBI.

Items to be returned to STAGBI Checklist

- **DNA** ☐
- **If semen to be collected for AI, confirmation of negative results** ☐
- **Signed Form -Vet & Owner** ☐
- **Fee/s (see overleaf for current fees)** ☐
- **Is the Stallion in your ownership** ☐

Please Note:

STAGBI Mating Certificates will only be issued to Stallions that have been granted a STAGBI Stallion Licence. **Retrospective Mating Certificates will NOT be issued to Stallions unlicensed at the time of covering**. *Using your horse for Stud duties prior to be issued a Stallion Licence is done at your own risk.*

NOTES for VETERINARY SUREGON completing registration:

DNA: Select 80 -100 clean dry hairs with roots, taken from the mane or tail.

MICROCHIP: Please use STAGBI supplied Microchip that complies with ISO 11784 and 11785.

MARK UP*: Please adopt a procedure are described in the Weatherbys' Identification Guidelines Booklet*

When filling out the silhouette, make sure to mark at least 5 identifying features. Use simple language in the written description, avoiding technical terms that might confuse a layperson (e.g. caudal). Write the description in block capitals if possible, or typed, and ensure it is clear and easy to read. Explain all features drawn on the silhouette, such as the whorl's location (marked with an 'X') and whether it is feathered. For white markings, refer to specific areas like the fetlock or pastern, avoiding terms like sock or stocking. **White markings should be outlined and hatched in red on the silhouette.**

Vet completing the Mark up is required to SIGN, date and STAMP PART B and PART C. Thank you
